

Your PROGRAMMABLE THERMOSTAT

GAZIFÈRE / WHITE-ROGERS

Comfort and economy

Your programmable thermostat accurately maintains the desired temperature in your home, ensuring complete comfort in every room.

In addition, by controlling the ambient temperature and limiting variations, your programmable thermostat could bring you energy savings of around 6%.

SUGGESTED TEMPERATURE SETTINGS

When you spend the day away from home

Morning	Daytime	Evening	Night
6 am 20 °C	9 am 17 °C	5 pm 20 °C	11 pm 17 °C

Weekends, when you spend the day at home

Morning	Daytime	Evening	Night
8 am 20 °C	10 am 20 °C	5 pm 20 °C	11 pm 17 °C

How to program it?

The built-in timer lets you set the temperature you want for four program periods each day: morning, daytime, evening and night. You can set a different schedule for weekdays and weekends.

See the Suggested temperature settings table to familiarize yourself with the programming schedule to maintain comfort in your home as you maximize your energy savings.

Set time and day:

1. Press MENU, then TIME.
2. Press ▲ or ▼ until the correct hour is displayed, followed by AM or PM.
3. Press TIME again.
4. Press ▲ or ▼ until the correct time in minutes is displayed.
5. Press TIME again.
6. Press ▲ or ▼ until the current day is displayed.
7. Press RUN to exit.

Proceed as follows to program the desired temperature for each program period during the day:

1. Press SYSTEM and select HEAT mode.
2. Press MENU.
3. Press SCHEDULE.
4. Press ▲ or ▼ to select the desired temperature for the first program period.
5. Press TIME. The time will flash.
6. Press ▲ or ▼ to select the start time for the program period.
7. Once the temperature and start time are programmed, press SCHEDULE to move to the next program period.
8. Repeat steps 2 to 6 until the desired temperature has been set for each program period on weekdays.
9. Press SCHEDULE to display the weekend.
10. Repeat steps 2 to 6 until the desired temperature has been set for each program period on weekends.
11. When programming is complete, press RUN.
